National issues

- **National database of digitized Hebrew dissertations** - each individual institution has own policy re digitization
- **National clearing house for ILL** for foreign orders - we do this for TUS
- **E-books** - still no method of allowing temporary access to other libraries

Personal recommendations

- **Expanding ILL services** in every institution to include all students/faculty and to all Israeli/foreign libraries
- **Marketing of ILL** on regular basis in institutions especially managers and stakeholders
- Ensure sufficient qualified **ILL staff**
- Up date work procedure **manual**
